

ABCO Donates to Rancocas Nature Center to Celebrate Earth Month

This April, ABCO celebrated Earth Month by making a \$1,000 donation to the Rancocas Nature Center in Westampton, NJ.

The Rancocas Nature Center is situated on a 210-acre piece of the Rancocas State Park and features three miles of hiking trails through varied habitats including meadows, forest and wetlands.

The Nature Center has been operating since 1977 and has been providing environmental education for the surrounding community during that time, presenting programs both on- and off-site for groups including schools, scouts, libraries, senior citizens, as well as the general public.

"We are proud to support this local gem and help sustain their contribution to education and the environment," said Julia Bernd, Marketing Manager.

To learn more about the Rancocas Nature Center's offerings or to make a donation, please visit www.rancocasnaturecenter.org
